

ABOUT US

Huzhou Jinlongma Flax Co.,Ltd is located in the historical and cultural town---Nanxun, which is close to Jiangsu-Zhejiang-Anhui Expressway(G50 Expressway), Shanghai-Jiaxing-Huzhou Expressway(318 National Road) and only about 100km far away from Shanghai, Hangzhou and Suzhou.

Jinlongma was founded in 1995, with total fixed asset value of 30 million USD. And the total scale of linen yarn of Jinlongma has already reached 20,000 spindles that bring out over 2,200 tons (NM26-60) production of wet spun linen yarn annually. Besides, the average yarn count is above 36nm. More importantly, all of our raw materials are imported from France and Belgium (where the flax fiber gains an excellent reputation), as a guarantee of stable and high quality. Thus, the quality of our products has exceeded the average level of domestic enterprises, and our products have been widely exported to Europe, the United States and Asian countries. Nowadays, Jinlongma becomes one of the largest Melange linen yarns and linen knitted fabric manufactures in China. Therefore, the China Bast and Leaf Fibers Textile Association officially awards Jinlongma titles of the China Linen Melange Yarn Production Base, and China Linen Melange Yarn Excellent Supplier.

Huzhou Huiguan Linen Textile Co.,Ltd as a subsidiary of Jinlongma, produces a variety of knitting fabrics, like linen fabric, linen/cotton, linen/rayon, linen/polyester, cotton, french-terry, bamboo, modal fabric, slub-cotton. The annual production is more than 1,500 tons. Proudly, Huiguan is one of the most potential knitting manufacturers in China. Our products are sold to all over China, and far to Europe and America, etc. They are deeply loved by people in those countries for its soft, fast absorbent and breathable characteristics. The China Bast and Leaf Fibers Textile Association officially awards Huiguan titles of the China Linen Knitted Fabric Production Base, and China Linen Knitted Fabric Quality Supplier.

Since being established, Jinlongma and Huiguan adhere to principles of technology innovation, scientific management, sustainable development and customer satisfaction, and strive for energetic development and top quality to make greater progress. With the spirit of "be better" in mind, we make efforts to offer customers outstanding quality, competitive price and top service to make mutual benefits and prosperous future.
