

Hisheng

Hisheng can provide one-stop accessories solution for bag and garment industries

Our products include basic webbing, elastic webbing, jacquard, drawcord, PE piping, buckle, trolley system, wheel and so on.

— Profile

Dongguan Hisheng Webbing Company Limited was founded in 1990.

Solutions for accessories: With wide products range, Hisheng can provide one-stop accessories solution for bag and garment industries. Our products include basic webbing, elastic webbing, jacquard, drawcord, PE piping, buckle, trolley system, wheel and so on. We also continue to expand our product range based on market demand.

Strategic cooperation: To establish strategic partner relationship, Hisheng has established manufacturing facilities in Dongguan of China, Semarang in Indonesia and Long An in Vietnam, so we can supply products locally for our customers and improve their local supplying system. Hisheng is also looking for new market, and we continue to establish new factories in other countries in Asia.
