

Hebei Gaibo Textile Co.,Ltd was founded in 2003. The company was founded more than 14 years in the woven fabric. we've become one of the most famous weaving factories. Our main focus was on woven fabric, dyed fabric, printed fabric and yarn . There are 600 sets shuttle loom and 30,000 spindles in our factory. We are able to produce woven fabric 70,000 yards/day and yarns 8 tons/day.

Our machines weave fabrics 24 hours a day that we deeply believe our dead line of products and the qualities are fill the bill.

Gaibo Co.,Ltd provides both customized service and high quality products, and keeps developing new type of fabric actively and continuously. With Creative development and professional service, Gaibo Co., Ltd has built a long term business partner relationship with our customers, and will keep improving and providing better quality products and service to approach more customers in worldwide.
