

About us

JADECHEM

Wuhan Jadechem International Trade Co.,Ltd is a wholly-owned subsidiary of Jadechem Group. We are responsible for all exporting and importing business of Jadechem Group.

Jadechem has been specializing in the surface finishing field , with continuous efforts on researching, developing, manufacturing, and serving on electroplating intermediates & additives, fine chemicals and surfactants and so on. Jadechem is bringing high quality products and service to customers.

After merging Wuhan Oxiran special chemicals Co., Ltd. in 2016, we now own two factories: one in Yingcheng city with an area of 30000m², the other in Wuhan city with an area of 34000m². Based on the superior resource advantage of Sinopec's 800,000 tons ethylene and 160,000 tons of EO, taking advantage of the patented outer circulation Press ethoxylation technology, we have formed a complete industrial chain from resource, production to sales...
