

COMPANY INTRODUCTION

ABOUT US

WeiXing Co., Ltd was founded in 1976 and is now the largest garment accessory supplier in China. We are the first listed company of buttons and zippers industry in China as well as one of the most influential enterprises of Chinese textile and garment industry. We are also the major setter of national button standard in China. With the comprehensive advantages in buttons, zippers, metal products and other items, we focus on the "One-stop Garment Accessories Sourcing". Our brand "SAB" enjoys a high reputation in the industry. We have 20 branch offices in China, and work with many well-known and respected global brands.

INDUSTRY POSITION

SAB provide a one stop full garment accessories service that includes fashion design, advanced manufacturing, expert sales and service commitment.

Our R&D centre and advanced manufacturing equipment and techniques coupled with our extensive expertise built up since our inception in 1976 has led us to be the largest manufacturer of buttons and zippers in China.

Internationally renowned 30% of our products are exported to Europe with a further 25% in North America for global brands.

PRODUCTION CAPACITY

Our 5 industrial parks in China produce 100 billion buttons and over 6.5 billion meters of zippers every year and also develop more than 7,000 new designs of products every year. Our advanced manufacturing techniques, innovative design, extensive testing programme ensures we provide the highest quality products, efficiently that are cost effective and delivered on time.

SERVICE COMMITMENT

ADVANCED MANUFACTURE

EXPERT SALES

FASHION DESIGN

The SAB team are totally committed to providing a world class one stop service responding and listening to the needs of the client and providing solutions in an efficient and timely manner. This is possible due to the systems we have in place, the advanced production techniques we employ, our expert R&D and design teams, and our expert staff who take great pride in the international quality service they provide.

At SAB we have constantly improved our manufacturing processes since our inception in 1976 and we continue to enhance our Total Quality Management Systems enabling us to deliver the highest quality products efficiently, on time and therefore saving costs and providing highly competitive pricing.

Our Quality Control Test Centre has nearly 1,000 personnel testing and managing the quality of our products using more than 300 of the most advanced test equipment available.

Our manufacturing processes adhere to quality, environmental and safety standards at home and abroad including QB / T2171-2173, BS 3084, ISO9001 / 14001O / HSAS18000. All products have passed the universal European ITS / SGS testing, and are eligible for I level green certification of Oeko-tex Standard 100.

SAB has over 300 professionals in the design, research and development departments creating new designs for over 6,000 items every year.

Sourcing elements from fashion hubs globally such as Milan, Paris, New York and Tokyo our designs complement and enhance the quality of the garments that they are fixed upon.

Our team can provide first draft sketches, 2D design drawings and 3D rendering and printing before creating the first real design for your approval communicating every step of the design journey.

We take every element of your brand and requirements into consideration during the design process including style, colours, texture, durability, and cost using a wealth of materials.

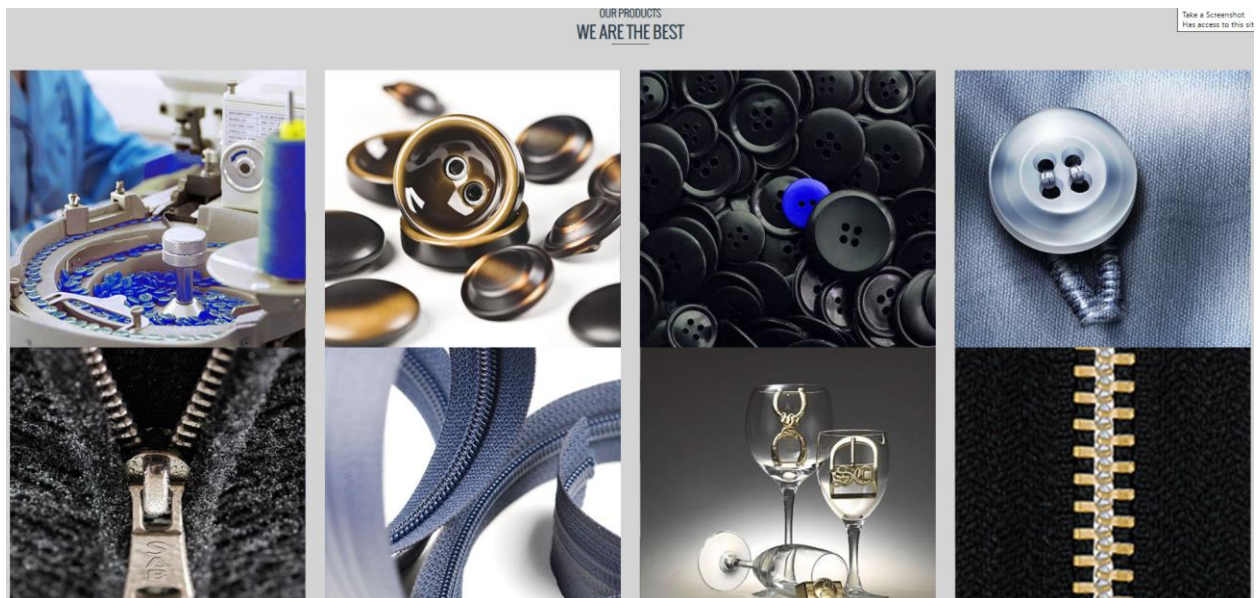

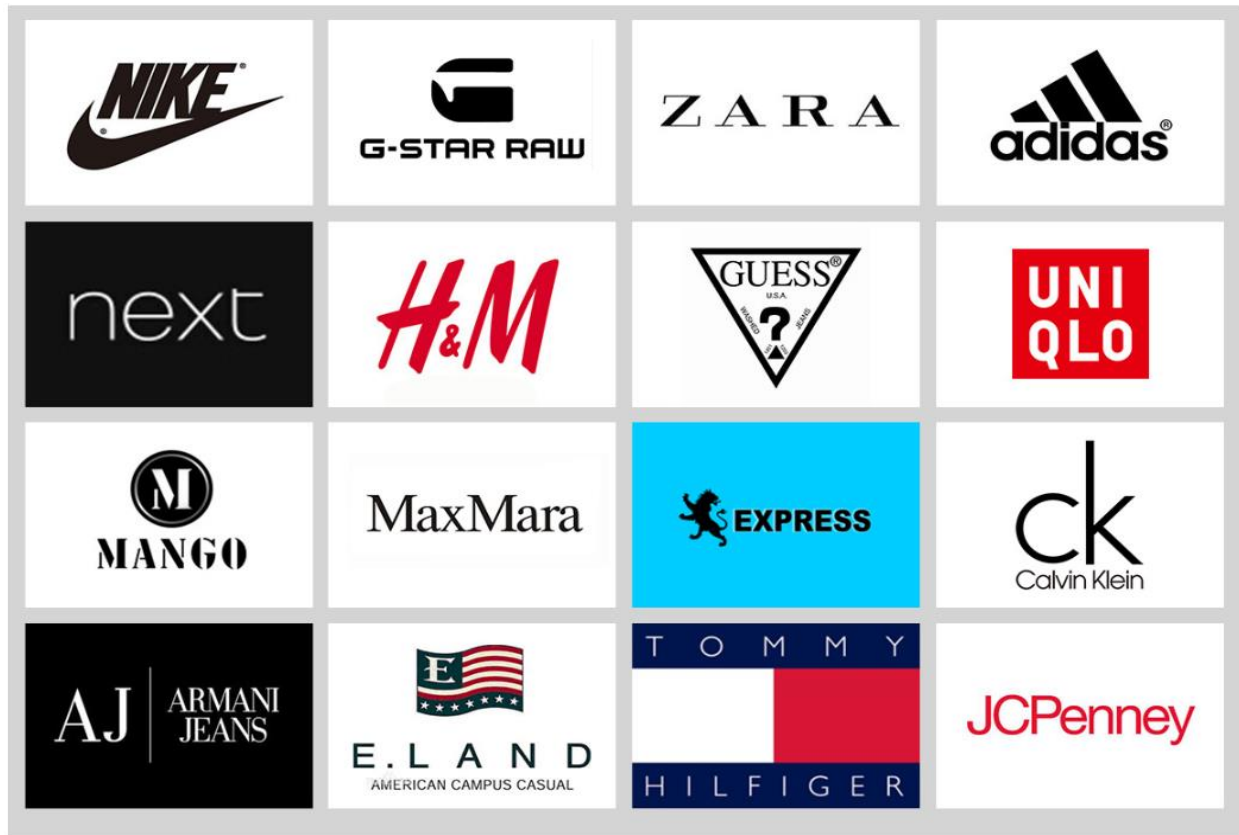

Our buttons, zippers, and accessories can be seen on some of the most recognised global brands – always innovative and a key part of our one stop service.

SAB PARTNERS

Due to our excellent R&D team, well-trained expert advisors, cutting edge manufacturing and a track record of providing an innovative, high quality one stop service SAB has developed long term partnerships with many international clothing brands.

This list is in no particular order.
