

About Dytint

Dytint Specialities has emerged from the confluence of two synergistic product lines with the objective of becoming a formidable manufacturer of a wide range of Textile Dyesuff based in Ahmedabad, India.

Dytint Specialities's vision is to bring innovation in product and process chemistry in the segment of textile dyestuff.

We produce a full range of Reactive Dyes with the brand "RUFFAST" integrity, Commitment, Respect.

These tenets make the foundation of our Business, while dealing with Suppliers, Partners, Customers & Employees, these core values will define everything we do at Dytint.

Quality is a philosophy and at Dytint, it is our firm belief that quality doesn't need to be spoken about; it is an experience.

Each of the RUFFAST Dye ranges is, without exception, guaranteed for its performance. We offer customized testing.

A well-established infrastructure is in place to support this quality philosophy. Some key areas include:

- Production unit with reaction vessels and other equipment of varying sizes to accommodate different products.
- Specially equipped quality control and assurance laboratories inspect raw materials and finished goods to ensure that they are within their specified limit.
- Separate warehouse dedicated to finished products, to ensure timely dispatch.

Environmental compliance is at the heart of Dytint's business; only products that can be treated to meet the statutory norms get a place in our product range.

RUFFAST dyes comply with regulatory norms like REACH and GOTS.
