## About Harmony Group Textile

We build with our customers a close, long-term relationship, which involves finding a balance between performance and quality. Our customers are the leading companies in the ready-to-wear sector, our desire is to meet the challenges of their markets by providing them with a modern and efficient production platform.

## Expertise covering the entire production cycle

The experience, but also the very specific know-how and position of **Textile Harmony Group** in the manufacture of "ready-to-wear" clothing items, allow it to provide its customers with high quality articles.

We have well-defined business processes that have the strength to adapt to the specific requirements of each of our clients.

## Proximity to the customer: the guarantee of "made to measure" achievements

Each customer benefits from a privileged interlocutor. The senior sales representative of **Textile Harmony Group**, which takes care of the commercial and contractual relationship, actively participates in the follow-up of the order.

Compliance with commitments and customer satisfaction is a permanent concern of the management.

## Our human capital

- Our managers are trained in major schools in Morocco and France.
- Our workers are trained in sewing technical training centers.
- Thanks to the knowledge capitalization system put in place by the company, the workers are trained in sewing methods and benefit from permanent companionship.
- Our teams are stable, the average seniority is more than 10 years.
- We sponsor targeted young and young professionals as well as young executives in order to ensure quality succession.

We build with our  
customers a close,  
long-term  
relationship.

*The Harmony Textile Group has a very large  
customer portfolio, ranging from mid-range to  
high-end.*
