

Texim Textile

Jacquard Professional

Classic Woven

The studio awakens, the rhythm of the weaving loom speeds up. Designers try out new drawings by hand or computer, creating new techniques on Jacquard or shaft looms. On the desks, hands are plinking and dancing. The anchor of creation innovates and leads the trend. Passionately, we create more than 1500 jacquard fabrics collections. We create and produce according to your desire. We continuously test and research new techniques in order to offer a wide range of fabrics.
