

ABOUT US

GROWTH IS ONE OF THE MAIN BY PRODUCTS OF SUCCESS AND DAMAN POLYTHREAD LTD HAS PROVEN THIS FACT WITH THE INCEPTION, CREATION AND THE TRIUMPH OF THEIR ESTABLISHED FORWARD INTEGRATED BRANDS AND PRODUCTS.

Daman Polythread Ltd is an industrial corporation that has a lot of firsts to its name Mr. Mansoor Kudia, already a pioneer in the field of plastics product since the 1986's, began the reputed and renowned Daman Polythread Ltd in 2000 which became the first company in India to manufacture real High Tenacity POLYPROPYLENE MULTIFILAMENT (PPMF) Industrial Yarns using the advanced European machinery and technology. Within a few years we started manufacturing various value added products under different brand names.

After a decade as a pioneer in the High Tenacity Polypropylene Yarn industry Daman Polythread continues to focus on expanding, developing and exceeding the expectations of its customers in technology, quality and service to ensure the production of the most superior High Tenacity Yarn in the industry.

THREADLON is the market leader and manufacturer of High Tenacity PP Multi filament Yarn and PP Industrial bag closing thread. **TUFF** and **DPL** leading brands and producers of high quality narrow woven fabrics and webbings.

Our experienced leadership, culture of excellence, and clear vision combine to create a growth-oriented, industry-leading business module always ready to experiment and research newer possibilities.

We are committed to developing partnerships with our customers that take research and development to new levels by focusing on the needs of our customers - and their customers - to provide real solutions products for newer markets.
