

The Zhangjiagang headquarters of Shayin Group was established in 1976, and its predecessor was Zhangjiagang Shazhou Textile Printing and Dyeing Import & Export Co., Ltd. Through the arduous and outstanding efforts of the Shayin people and the care and support of all sectors of society, the company has grown from a workshop-style enterprise with a loan of 60,000 yuan to a total asset of 512 million yuan, more than 3,000 employees, and an area of more than 200,000 square meters. Rice, a large-scale enterprise integrating textile, printing and dyeing, and clothing production. The company's main products are: printing and dyeing of cotton, cotton flannel, rayon and knitted fabrics. More than 95% of the products are exported and sold in more than 80 countries and regions. The annual self-produced products exceed 100 million US dollars.

Complete basic equipment is the unique advantage of the group company's large-scale operation and low-cost competition in the market. The company currently has one 35-ton, two 65-ton boilers and two 6000-kilowatt-hour power generating sets for self-provided thermal power plants; self-produced 30,000-ton water plants; the company's own-designed and built sewage treatment plant with a daily discharge capacity of 20,000 tons And is better than the national first-level emission standards. The price of water, electricity, gas and sewage treatment in the group company is about 30% lower than the market price.

The headquarters of Shayin Group Zhangjiagang is located on the southern bank of the rich Yangtze River Delta, in the middle of Zhangjiagang City, which is famous at home and abroad. National Highway 204 and Yanjiang Expressway pass by, and Zhangjiagang Port and Free Trade Zone are within easy reach.

Shayin Sheyang Industrial Park:

Shayin Sheyang Industrial Park is located in "Jiangsu Textile Dyeing and Finishing Industrial Park". "Jiangsu Textile Dyeing and Finishing Industrial Park" is the predecessor of "Yancheng Ecological Dyeing and Finishing Industrial Concentration Zone" approved in 2008. It was established as "Yancheng Textile Dyeing and Finishing Industrial Park" with the approval of Jiangsu Province in March 2014. It is a characteristic industrial park of Yancheng City. One, the overall plan is designed by China Textile Planning and Design Institute, with a planned area of 11.36 square kilometers in the near term and 23.3 square kilometers in a long-term plan. It is divided into six areas: "Dyeing and finishing core area, high-end weaving area, technology research and development area, clothing and home textile area, supporting service area, and warehousing logistics area". The Hongze Lake water source introduced by the Northern Subei Irrigation Canal is rich; Provincial Highway S226 runs through the entire area and is 20 kilometers away from the coastal expressway; the regional environmental impact report is approved by the Environmental Protection Department of Jiangsu Province; the sewage discharge into the sea is obtained by the Provincial Ocean and Fishery Bureau Approved.

From 2009 to Sheyang, the site was selected, and investment and construction began in 2010. The first phase of the 1,000 acres of land that has been requisitioned has basically been completed and an annual production capacity of 80 million meters of printed and dyed fabrics has been formed. Various infrastructures are basically complete, including 3 furnaces and 2 generators for heat supply, Linhai 110KV substation, Shayin 35KV substation; 20,000-ton tap water and supporting facilities for sewage treatment with a daily processing capacity of 20,000 tons. The orderly advancement in accordance with the park plan ensures the normal use of the company and other companies in the park and reserves sufficient space for development, providing important support for the introduction of projects in the park.

Jiangsu Shayin Group's innovative management model and advanced scientific concepts are a reliable guarantee for healthy development. Shayin people always focus on the four major business elements of quality, market, price and service. First-class quality and first-class service have won the market. The company has passed the ISO9000 quality certification, passed the assessment and acceptance of the national first-class export enterprise and the national inspection-free enterprise, and the "Pipa Dance" brand printing and dyeing fabric was awarded the Jiangsu Famous Brand Product.

Jiangsu Shayin, win-win with you. New and old friends from all over the world--we sincerely welcome you!
