## Brand Image

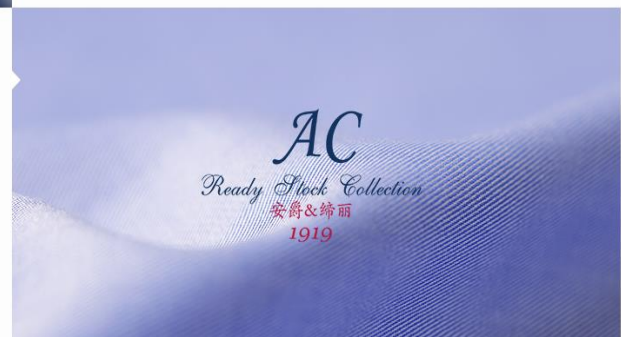

### PINYTEX Fabric

Pinytex brand was established in 2002. We only select long-staple cotton as raw material from from Egypt, the United States and xinjiang. By using the world's most advantage equipments and the Italian advanced production technology,we produce soft and glossy fabrics and become the preferred fabric supplier of many international famous brands.

### AC ready stock collection

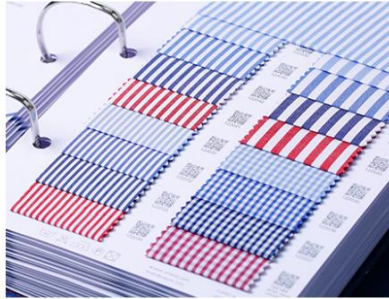

AC 1919 (ready stock collection) has nearly hundred years history, now it becomes the synonym of high level woven shirting fabric. AC 1919 insists on using the best compact spinning long-staple cotton yarn as the raw material. By combing the classic and original techniques of Italian design concept with the most advanced textile technology, we present the highest quality to our customers. Company developed the e-business model for the ready stock of AC 1919. Customers purchase the ready stock fabric in our ready stock website:www.acfabric.com .Through this online ready stock fabric purchasing model,the customer can shorten the fabric delivery time at the greatest extent and occupy more market opportunities to get the most economic benefits.
