About Us

ZhangJiaGang Jinling Textiles Co. Ltd.

Our mill is located at ZhangJiaGang, next to Shanghai, China.

Address:

#1 People Road, HouCheng, Jingang Town zhangjiagang City, 215631

We are a yarn dye woven fabric mill specializing in R&D, quality and commitment to customer needs

What we do

Seasonal Trend Forecasting

- We partner with Italian designers for seasonal woven fabric development
- Strong R&D and marketing team in New York

Commitment to Quality

- We follow the AATCC quality standard and 4 point system for Quality Control

Concern of environment

- State of the art pollution control systems. Meet and exceed strict China pollution regulations
- We are the member of BCI (Better Cotton Initiative)

Dye Stuff

- We are using 100% European dye stuff. It complies with the AZO free requirement for European market

Advance Equipment

Great product comes with Great machines.

- Our company is equipped with first-class dyeing, spinning and weaving equipment like Silafu automatic winding machines, RF dryers and effective BENNINGER warping machines, etc.
- Our finishing factory is furnished with Germany Monforts setting machine, pre-shrinking machine and photoelectric finishing machines.
- Functional finishing expertise in peach, calendar, Teflon, anti-wrinkle non-iron, and anti-bacterial.
- Air wash finishing for handfeel improvement.

Jinling's Footprint in managing Sustainability

Social Responsibility

- Provide fair, safe and clean environment for our workers
- We respect and comply the labour laws and environmental regulations
- State of art sewage treatment plant to ensure ecosystem and nearby community are protected

Ecological Responsibility

- Work with CBD (clean by design) and BMI (better mill initiative) to reduce wastage and improve the efficiency in use water, energy and chemical. We have reduced water consumption by 20%, recycle more than 20% water, reduce gas usage by 20%
- Air wash finishes - achieve soft garment wash handfeel, but eliminate water wastage and chemical use

Material Responsibility

- BCI cotton, Organic cotton, recycle Polyester, Recycle Nylon, Tencel, Rayon, Wool
- Non toxin Dyestuff from Dystar Germany, comply regulation REACH and CPSIA
- Certified by Oeko-tex 100 standard

BETTER COTTON INITIATIVE

OEKO-TEX 100 STANDARD

MAK: 0200 Association: Switzerland 02.1.01. Rev. 2018 / 09-2017 2x20
