System of Products

“宇昌”牌系列有机颜料、涂料印花色浆和纺织品数码墨水是我公司目前的主要产品。公司产品种类齐全、色彩鲜艳，颜料粒子细腻，着色力强，具有极其优异的坚牢度和化学稳定性，可在多种材料上实现印花和着色，在各式印花技术中均可获得满意的效果。我们也提供胶浆及各种功能助剂。

“宇昌”牌系列产品经过国际检测机构认证，符合国际环保要求。无论国际市场还是国内市场，宇昌公司产品均具有核心竞争优势。

YU CHANG series organic pigments, printing colors and digital ink for textiles are the major items produced in our company. With a full range, our products can be painted on various textile materials and can obtain satisfactory results in various printing technologies for the bright colors, fine pigment particles, great tinting strength, high fastness and strong chemical stabilities of our products. Mucilage and varieties of functional agents are also available in our company.

The products of YU CHANG series have been authenticated by international testing institutions meeting the requirements of international environment protection. Our products possess the core competitive advantages of the domestic and international markets.

技术
实力
 Technical strength

公司主要技术研发人员来自北京化工大学、东华大学等中国纺织印染名校，拥有一支长期从事颜料和表面活性剂研究的资深技术队伍，技术实力雄厚，其有机颜料、涂料色浆和纺织数码墨水技术处于国内国际先进水平。在广东、广西、江苏、江西、浙江、上海、湖南、湖北、河南、河北、山东、福建以及越南河内、印尼雅加达等地设立专业技术服务站点，覆盖所有客户，提供产品的技术咨询和现场指导。

With major researchers coming from Beijing University of Chemical Technology and Donghua University, the prestigious universities for the textile in China, and a team of qualified engineers engaged in the development of pigments and surface active agents, our company is of strong technical strength and lies in the advanced level domestically and internationally. To track the quality of products all the time for our customers, exclusive technical service stations have been set up in Guangdong, Jiangsu, Zhejiang, Shanghai, Hunan, Hubei, Henan, Shandong, Fujian and other areas in China, and Hanoi in Vietnam, Djakarta in Indonesia and other places outside China.

公司一直注重专业人才的培养，拥有一批高素质的品检质控技术人员。在生产过程中引入 QCC 产品质量控制跟踪系统，实行项目专家负责制，对颜料的色光、着色力和各项耐性等各项指标进行标准化检测，确保每一批次的产品都完全符合客户的要求。

Our company has always attached great importance to the cultivation of our personnel in their own professions and possess a team of professional staffs of quality inspection and control with high skills. During the production, not only are the QCC control and tracking system of product quality introduced, but also the expert system of project responsibilities is carried out in the standardized testing of various pigment indexes such as colored light, tinting strength and varied fastness etc., ensuring that each batch of products, when leaving the factory, are fully in line with the customer's requirements.

珠海市宇昌化工有限公司所在的珠海市，位于中国最发达的经济圈之一——珠江三角区，环境优美，物产丰盛，是中国著名的宜居城市。公司是一家专业从事有机颜料、涂料印花色浆、纺织品数码墨水的研发、生产、销售和服务的高新技术企业。

企业
介绍
Enterprise Introduction

Zhu Hai, where located Zhu Hai Yu Chang Chemical Co., LTD., is a famous livable city in China that lies in one of the most developed economic zones of China – the Pearl River Delta Region, with an exquisite environment as well as rich resources. Our company is a high-tech enterprise specializing in researches & development, production, marketing and services of organic pigments, printing colors and the digital ink for textiles.
