

Br

Let's make *chemistry*  
*intelligent, efficient*  
*and responsible*

“**BR Specialities**  
makes a difference by  
contributing to the progress  
of human society with  
sustainable chemistry”

To us, Chemistry isn't just a tool that can aid industries, but a science that can be applied to solve real world problems.

BR Specialities makes  
**Chemistry intelligent,  
efficient and responsible,**

to positively impact the society.

## Legacy + Contemporary

---

Being in the industry for nearly four decades, we've specialized in offering innovative products and thoughtful solutions that reap long-term benefits.

Our vast experience, combined with our expertise in futuristic technology has made us the thought leader in the industry.

# Building on a heritage of innovation & leadership

## Resourceful Sales Team + Chemistry Experts

Apart from being experienced salesmen, we're Chemistry Experts who provide solutions for the problems facing the industry.

Our resources are always aligned with the evolving trends in the industry, allowing us to provide maximum customer satisfaction, with highly impactful solutions, in lesser time.

**30+**

textile-chemical  
experts

**100+**

certified traders

**25**

trained dealers

## Innovators + Performers

---

R&D is at the core of everything we do. Innovating & applying our innovations to drive results are deeply ingrained in our culture.

We work with technology experts all over the world, at every level, to continuously upgrade our product-line & services offered.

Advanced in-house  
R&D lab

Global collaboration

Dedicated R&D team

## Product Ranges + Solution-driven

---

Tangible products alone don't solve problems, solutions & strategies do. We strongly believe that any problem can be addressed by combining high-performance products & viable solutions.

We're industry leaders in providing customized solutions for small to large-scale problems. Our solutions are focussed to drive results, attain application-specific goals and produce desired performance.

**200+**

unique products

**20+**

product categories

## Product Portfolio

Our portfolio encompasses a wide spectrum of expertly formulated solutions, which are made to impart the desired properties to each process in the textile industry.

Pretreatment

Dyeing Auxiliaries

Finishing

Coating & Lamination

Printing

Wool Solutions

Denim Solutions

Home Textile Solutions

Active Wear Solutions

Workwear Solutions

Outdoor Solutions

Technical Textile Solutions

Fashion Solutions

## Our Focus Industries

We cater to numerous industries in which the functionalities & capabilities of Textiles play a major role. Our solutions are thoughtfully tailored to meet the specific requirements of industries and applications.

Our solutions cater to all key requirements in every industry, right from pretreatment to finishing.

## Empowering businesses + Empowering humans

We are committed to delivering value through chemistry not just for businesses, but also for the progress of human society and the planet.

We keep up our quality performance and deliver 100% environmentally safe products, in order to achieve both efficiency and sustainability.
