The presence of the network has enabled us in the timely and proficient distribution of the Agro Products in the market.

NATURAL DYES (FABRIC)

NATURAL INDIGO DYE

(Indigofera Tinctoria)

RUBIA CORDIFOLIA

(Madder Root / Indian Madder)

NATURAL HAIR DYE

(Henna - Indigo Powders)

Natural Indigo Leaves Powder. It is made from the Leaves of Indigo Plant, a sub-tropical shrub that stands 1 to 2 meters tall. Indigo possesses a Natural Blue Dye in its leaves that when used with Henna will dye your Hair in a range of colors from Reddish Brown, Light Brown, Brown, Dark Brown and Black.

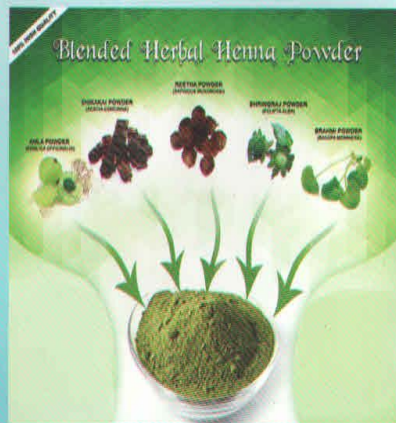

Henna (*Lawsonia Inermis*) is an open shrub with heavily scented, small cream flowers and blue-black fruit. An essence extracted from the leaves is popular and known as Henna. We offer Henna Powder Packet.

Indigo combined with a henna application on hair can produce deep Blue / Brown shades through a rich jet black color without any chemicals.

HAIR COLOR

(Henna Based)
